Verify Companies

Approve companies

The wireframe depicts a web page for verifying companies. At the top, there is a navigation bar with four items: 'Job', 'Cracks', 'Verify companies', and 'Logout'. The main content area is titled 'Verify companies'. Inside this area, there is a box containing a circular profile picture labeled 'company web'. Below the profile picture, the text 'Name:' is followed by 'Details:'. Under 'Details:', there are two lines of text: 'License: view' and 'ownership: view', where 'view' is enclosed in a rectangular button. At the bottom of the box, there is a larger rectangular button divided into two sections labeled 'Accept' and 'Reject'.
